

REMARKS

Reconsideration of the application is respectfully requested on the grounds that each of the suggestions made by the Examiner in the paragraph bridging pages 2 and 3 of the Official Action has been included in the claims, thereby overcoming the informalities noted by the Examiner.

In addition to the suggested changes, claim 1 has been amended to clarify that it is the CD player that is permitted limited rotation, and the LCD display that is permitted a 360° reversal, as is clearly shown in the original drawings and described in the original specification..

Finally, the specification has been amended to correct a typographic error, and to provide antecedence for the amendments to claim 1.

Because all of the changes are formal in nature, it is respectfully submitted that they do not involve "new matter."

Having thus overcome each of the objections made in the Official Action, withdrawal of the objections and expedited passage of the application to issue is requested.

Respectfully submitted,

BACON & THOMAS, PLLC
